

THE GO-TO TABLESIDE AND LINE-BUSTING POS SOLUTION FOR EVERY OPERATION

With Viento, you'll be able to accept payments from anywhere, including on your deck or patio. You'll be able to line bust to decrease checkout times while protecting the sensitive cardholder data of your customers. Plus, you'll decrease your environmental footprint with emailable and textable receipts.

Tableside ordering

Place and send orders instantly from the table to the kitchen and bar.

EMV, magstripe, and NFC

Payments can be taken table-side for FSR or while line-busting for QSR.

Guests come first

The SALIDO Viento saves you a trip and allows you to spend more time with your customers.

Menu manager

Place real time counts on in-stock items saving time and energy on offerings.

Digital signatures & receipts

Guests can sign out the fastest and safest way possible. Opt for printed, digital, or no receipt.

Real time data

Immediately available on the back end SALIDO reporting module and the mobile app.

Ready to increase your table turns and your profits? Contact SALIDO today.
